

Online Training Hosting Service

Managed Moodle LMS Hosting

Host your online courses with our reliable, secure and FOIPPA-compliant Managed Moodle Hosting Service. Get access to learning management system (LMS) features such as learner registration and tracking, along with timesaving supports.

Option 1: E-commerce LMS Hosting

List your course(s) on our e-commerce enabled shopping cart, making them available to the public or a targeted audience. Customers purchase one or more seats using a credit card or by signing in with a customer number that charges back to the organization. A registration link is then sent to the customer by email.

Base seat cost	\$35 per seat
One-time setup fee	\$1,000

Services include:

- Site branding
- Hosting of one (1) course
- E-commerce shopping cart sales
- Help Desk is available Monday through Friday, 8:30 am to 4:30 pm PST
- 10 hours of hosting support. Additional support costs \$95 per hour

Your organization may increase the base per-seat cost and recoup a royalty fee. For example, your course could be priced at \$50 per seat, providing you with a \$15 royalty fee for every seat sold.

Option 2: Self-Registration LMS Hosting

We provide a link for you to share with your learners, which allows them to self-register into one or more of your courses. As learners register, the available user licenses will change. As the purchaser, you can see a record of who has self-registered and the courses they are enrolled in.

Up to 499 users	\$30 per user
Minimum 500 users	\$25 per user
One-time setup fee	\$1,000

Services include:

- Site branding
- Hosting of one (1) course
- Help Desk is available Monday through Friday, 8:30 am to 4:30 pm PST
- 10 hours of hosting support. Additional support costs \$95 per hour

Please note:

- Registration link automatically expires 1 year after purchase.
- Open School BC will not refund unused user licenses.
- Open School BC will not grant users extensions to courses.
- Hosting of additional course(s) can be discussed.

Training Website Hosting

Host your stand-alone training website on our FOIPPA (Freedom of Information and Protection of Privacy Act) compliant web servers. Your site will be open to the public with no registration or access restrictions. The annual fee covers hosting and technical support costs.

Website hosting	\$1,000 per year
